Montgomery, Alabama 36104

I understand that this is a volunteer program and therefore pledge the time and efforts of the aforementioned group to working on a volunteer basis with the Adopt-A-Stream Program for a period of two years. It is also understood that the aforementioned group will be given the option of continuing in the program after the two-year period.

I understand that this is a volunteer program and therefore will not hold Alabama PALS liable for accidents or other related incidents.

... Adopt-A-Stream today.

The Alabama Adopt-A-Stream Program is one of the most successful environmental efforts in Alabama. It is designed to eliminate, control, and maintain litter at stream crossings in Alabama.

Alabama PALS (People Against a Littered State), the sponsoring organization for the Adopt-A-Stream Program, prints and provides signs for the recognition of the participating group.

Make A Commitment Today –

Streams are available to be adopted for two-year periods. During the adoption period, the stream crossing should be maintained and kept litter free.

Steps to Adopting Your Stream

1. Choose an unadopted stream in your area that is adjacent to a US/State Highway or County Road.
2. Complete the Adopt-A-Stream application.
3. Return the application to Alabama PALS or apply online at www.alpals.org.
4. Alabama PALS will contact you upon receiving application.

For additional information, call Alabama PALS at 1-800-ALA-PALS.
Thank you for your commitment.
